

## PAPERS DECRY COMMERCIAL TOUCHES OF BATTLEFIELD

Two metropolitan dailies, The New York Times and the Philadelphia Inquirer, have launched two more bombshells against the "commercialism" of Gettysburg's Civil War shrine.

The Times published a bitter attack against the inroads by commercial interests on or near the Battlefield in a "letter to the editor" piece and the Inquirer followed a few days later with a front page article by one of its news room staff.

The Inquirer said in part:

"A second Battle of Gettysburg is raging over the hallowed ground where Union and Confederate troops fought 99 years ago.

"Unlike the first battle, this one is being waged with words and money. On the outcome will depend how the Nation's most revered battleground will appear to future generations.

"The battle lines are fluid. In one camp are Civil War buffs of all ages, spearheaded by the Gettysburg Battlefield Preservation Association which wants to protect the battle site from the encroachments of commercialism.

**IMPROVEMENT SOUGHT**

"In the other are those who agree that the battlefield should be improved, but who stand firm in the belief that the association's complaints are distorted, that a certain amount of commercialization is inevitable and, furthermore, is good for the economy.

"A tour through this community of 8,000 offers a number of examples of what the battle is all about. Take, for instance, the towering monument to the men of the 55th Ohio Infantry. The grass around it is neatly trimmed.

"Raymond Singley, neither an Ohioan nor a particularly dedicated Civil War buff, does the trimming. He has to, because the monument sits rather majestically in his tiny front yard, perhaps 12 inches from the porch of his two-family home at 140 Steinwehr Ave. (U. S. Route 15).

## U.S. Stymied At OAS Meet

PUNTA DEL ESTE, Uruguay (AP)—The United States and its 13 Latin-American supporters backed away today from a demand for an immediate vote by the hemispheric foreign ministers conference to exclude Cuban Prime Minister Fidel Castro's regime from the Organization of American States.

The majority group eased its stand in an effort to break a deadlock over how and when the suspension should take effect.

The conference, which was supposed to end Monday, continued to drag on after hours of fruitless bargaining. As hopes faded for an early adjournment, United States prestige appeared to suffer a blow.

The 14-nation group met for two hours and named a three-nation committee to draft a compromise amendment to be offered to the six nations holding out for a velvet glove approach.

## BAND PARENTS LAUNCH DRIVE FOR UNIFORMS

The Band Parents' Association of Gettysburg High School Monday evening adopted a program to raise nearly \$4,000 for uniforms which will provide the high school band with both a regular uniform and a "Centennial" uniform.

The action came after a report by a committee headed by Mrs. Joel Hill was presented to the group. Noting that the present maroon coats and caps of the band are in good condition while the trousers have "about worn out," the committee recommended that the Band Parents purchase gray trousers with a maroon stripe which can be used with the present maroon coats to provide one type of uniform.

At the same time the committee recommended purchase of a blue jacket with maroon trimming and a white belt, plus a gray hat which would give the band a "centennial" appearance when worn with the gray trousers.

**PLAN BAND CAMP**

The committee said that its "Centennial uniform" suggestion while giving the appearance of Civil War period is also enough removed from the Civil War type uniform to permit it to be worn for other occasions.

Cost of the trousers, jacket and hat is expected to be about \$75 a set compared to the \$100 a set cost of the present uniforms worn by the band. The report of the committee was unanimously adopted.

The Band Parents' Club also voted to hold a band camp for four days the last week of August. No final decision was made on the location of the camp.

President Allen Weikert presided at the meeting with 60 present.

David C. Campbell, 46, Littlestown R. 2, has been charged by Hanover police with illegally overtaking and passing another vehicle in an information filed before Justice of the Peace William Y. Naill Jr., Hanover.

## Bad Weather May Force 6th Postponement Of Rocketing Glenn Into Orbit Thursday

By JOHN BARBOUR  
Associated Press Science Writer  
CAPE CANAVERAL, Fla. (AP)—The specter of bad weather posed the possibility today that astronaut John H. Glenn Jr.'s date with the stars Thursday may run into a new delay.

But Project Mercury officials pushed ahead anyway on the basis that it is too early to tell for sure.

A weather advisory, released by the National Aeronautics and Space Administration, said there were two areas of concern for Thursday's weather picture.

First there was the possibility of cloudiness over the Cape Canaveral launching site—depending on the movement offshore of a high-pressure system to the north.

**FEAR ROUGH SEAS**

Second is the possibility of rough seas Thursday in the Atlantic east of Bermuda. Seas are expected to subside by Thursday, but may not be quiet enough to insure safe recovery of Glenn's spacecraft if it is forced to land after only one orbit.

NASA spokesmen said it was still too early to pinpoint the course of the major weather systems influencing the areas in question.

In summary the weather picture was this: Mostly cloudy skies over the launch area, although this is uncertain, moderate winds and seas. An attempt to launch Glenn last Saturday was delayed until Thursday at the earliest because of clouds above the Cape.

**CLOUDS, ROUGH SEAS**

From Bermuda to the mid-Atlantic—the area where the space capsule would land after a single orbit—was expected to have mostly cloudy skies, fresh winds and moderately rough seas.

Elsewhere, normal showers over equatorial Africa; stormy weather over Australia, south and east of Hawaii and in a few areas of the eastern Pacific.

With the countdown for a Thursday date passing the T-minus-48 hours mark, officials could only keep an eye on the weather systems and keep working on the basis of a Thursday shot.

Pilot Glenn, spacecraft and rocket are all reported checking out in good order for the flight three times around the world.

## PORTER GUARD PAGEANT HERE ON THURSDAY

The final dress rehearsal for "the Porter Guards" pageant to be presented Thursday evening at 8 o'clock at the courthouse here was held Monday evening in the courtroom.

More than 100 will take part in the program which will recall the winter encampment here in 1861-'62 of the 776 members of the Tenth New York Cavalry.

Thursday night will make the 100th anniversary of the presentation of colors to the regiment which fought throughout the Civil War, including the Battle of Gettysburg and the end of the war at Appomattox.

**CIVIL WAR DRESS**

Actual presentation of the colors to the regiment a century ago on February 1 took place in Lincoln Square. Because of the weather, the Adams County Civil War Centennial Commission decided to hold the commemorative program in the courthouse—one of the structures in which the regiment was housed here.

Music for the pageant will be provided by a Gettysburg High School Chorus under direction of Paul Grove and the Sons of Union Veterans life and drum corps of Harrisburg.

The group of local women who will appear as citizens of Gettysburg were garbed in hoop skirts for Monday night's rehearsal, just as they will be at Thursday night's performance.

**TO TAKE PART**

Fifty members of the Sons of Veterans Reserve from throughout this area of the state will represent the Porter Guards regiment in Thursday's performance, dressed in Civil War costume. Veterans posts from throughout the county will provide the colors for the presentation.

Among those with speaking parts in the program will be District Attorney Daniel E. Teeter who will represent the "editor of The Compiler" as the narrator.

Attorney John A. MacPhail and Robert Codori will be garbed in Civil War era costume to appear as "readers" giving part of the narration. Dr. Joseph H. Riley, in Civil War uniform, will represent "Adjutant Fitts" who was adjutant of the 10th New York Cavalry. Arthur Warman will appear as "Col. Lemmon" of the Porter Guards and Arthur Weaver, New Oxford will be "Lt. Col. Irvine," second in command of the New York troops. John Groft, of the New Oxford Sons of Veterans Reserves, will be a "messenger."

## Round Table For Scouters Tonight

A "round table" for all adult leaders of Scouting in the Black Walnut District will be held this evening at 8 o'clock in Rooms 126-132 and 133 in the Gettysburg High School. Joseph Sunbury will be in charge of the Cub Scout leaders meeting on the theme for Cub Scouting in February, "The Parade of Presidents."

Timothy E. Farrell will be in charge of the Boy Scout leaders round table on "Citizens Learn by Doing." Dr. Richard N. Greenholt will be in charge of the Explorer leaders' session on "Programming."

## Trooper Will Be Buried Thursday

Funeral services for State Policeman Harold O. Westerman III, 27, formerly stationed here, who was fatally injured early Sunday morning when his car crashed into a bridge abutment five miles south of Dillsburg while he was en route from Gettysburg to Harrisburg, will be held at 1 o'clock Thursday afternoon at the Tomlinson Funeral Home, Bristol Pike, Cornwells Heights, with interment in Forest Hill Cemetery, Somerset. Friends may call Wednesday evening from 7 to 9 o'clock at the funeral home.

## TREESE CITES NEED TO RENEW CHURCH TODAY

"God has little taste for part-time Christianity," the Rev. Donald H. Treese, pastor of the Methodist Church, told a congregation Monday evening in Trinity United Church of Christ at the second of the current preaching mission series.

His sermon theme was "Renewal in the Church" and he noted the inspiration and motivation of the early church for "the most ambitious enterprise in all of history—winning the world for Christ by witnessing for Him. Have we stopped believing that such an enterprise is feasible in the 20th century?" he asked.

"Whether the world is won for Christ is decided finally by whether an unchurched neighbor is won to Christ; by whether minority groups are given hope; by whether the conscience of a community is constantly sharpened by the principles of Christ; by whether you or I count for something and make a difference where we live and work and play.

**TONIGHT AT AME ZION**

"It is these things being done by us and among us, again and again and again, that insure full-time religious employment for us all and protects our churches from becoming spiritually depressed areas," the Rev. Mr. Treese said.

The service Monday evening was conducted by the Rev. Dr. Howard S. Fox, host pastor. The Baptist Church Choir sang an anthem under the direction of Mrs. Wayne VanDyke.

This evening's service will be held at 7:30 o'clock in St. Paul's AME Zion Church where the host (Continued On Page 2)

## PA. EARMARKS \$11 MILLION FOR BYPASS

HARRISBURG (AP)—A \$407 million construction program is planned for the state in 1962 and 1963.

The huge construction program has more than \$11,050,000 earmarked for the Gettysburg bypass on Rt. 15 under the federal aid primary system. Broken down into three sections, the expenditures for the Gettysburg bypass estimate construction costs at \$9,750,000 and the right of way costs for two of the three sections at \$1,300,000. The right of way costs for one segment are not estimated.

Highways Secretary Park H. Martin, announced the plan Monday said \$275 million would be committed to interstate road construction, \$72 million to the state's primary road system and \$60 million to the urban road system.

**SUBSTANTIAL INCREASE**

He said that a big chunk of the interstate commitment is earmarked for the Keystone Shortway and the Delaware Expressway.

The federal government foots 90 per cent of the cost of all interstate roads while splitting the cost of primary roads 50-50 with the state.

Commitments on the primary and urban systems are about the same as the previous two years. Martin said the interstate commitment represents a substantial increase over 1960-61 because of an increase in federal funds for highway construction.

**COMPLETES COURSE**

Pvt. Walter L. Madison, son of Mr. and Mrs. Leroy Madison, Aspers R. 1, has completed the eight-week automotive course at the Armor Training Center, Fort Knox, Ky. He received instruction in the mechanical operation and maintenance of various types of vehicle engines. He entered the Army in August 1961 and completed basic training at Fort Knox.

The 18-year-old soldier was graduated from Biglerville High School in 1961.

## Kreisler Dies

Fritz, Kreisler, 86, famed concert violinist and composer, died in a New York hospital. His agent said Kreisler's death resulted from a heart attack brought on by old age. (AP Wirephoto)

The following "letter to the editor" is reprinted from a recent issue of The New York Times:

Recent editorials of yours cite the urgency of creating new national parks before it is too late to save many beautiful or historic regions now threatened by bulldozers, chain saws, dam projects or commercial encroachment.

One such area, both beautiful and historic, is at the heart of Gettysburg Battlefield.

Only 18 months from now the Battle Centennial will bring visitors there from every part of the Union. They will be sickened by the spectacle along the Emmitsburg Pike, across which Pickett's Division to destruction at the Bloody Angle.

From the edge of town south for a mile or more that highway now is crowded with motels, drink stands, restaurants and souvenir shops. Some of these eyesores even hide from view memorials to several Federal and Confederate regiments which saw combat in the fields, orchards and farmyards that lay unspoiled between the strategic ridges, until a few years ago.

No one has been more active in trying to arrest this desecration than the people of Gettysburg, including most of the school children, who have given their pennies and dimes to buy private land threatened with conversion to automobile graveyards, real estate developments and other "improvements." ## MRS. BRINTON EXPIRES AT 84

Mrs. Bird Moyer Brinton, 84, wife of Harry C. Brinton, Hanover R. 5, died this morning at 8:10 o'clock at the Cross Keys Brethren Home where she and her husband were guests.

A member of St. Mark's Lutheran Church and a Sunday School teacher there for many years, she was a member of the United Lutheran Church Women and of the board of directors and was a former president of the Hanover YWCA.

A graduate of Philadelphia Normal School, she taught school for 10 years in Philadelphia before moving to Hanover in 1916.

Survivors include her husband and two sons, James H. Brinton, Hanover R. 5, and David B. Brinton, Merion Station, Pa.

Funeral services Thursday evening at 8 o'clock at the Wetzel Funeral Home, Hanover, with her pastor, Rev. Edgar D. Zeigler, officiating. Graveside services Friday afternoon at 2 o'clock at the West Laurel Hill Cemetery, Philadelphia.

## Crash On Monday

No one was injured when a station wagon driven by Francis E. Redding, 39, of 400 Delone Ave., McSherrystown, and a tractor-trailer truck operated by Riley T. Gartrell, 49, of Windsor R. 2, Md., collided at the intersection of High and Third Sts., Hanover, Monday at 11:30 a.m. Police estimated damage to the station wagon at \$400. The truck, owned by Tidewater Express Lines, Baltimore, was not damaged, police said.

## LIBRARY PLANS ARE OUTLINED FOR ROTARIANS

The Adams County Public Library is about to embark "on the greatest development stage in its history," Mrs. Oren H. Wilson, librarian for the county library, told the Rotary Club at its meeting Monday evening in the YWCA.

Speaking of plans for participation by the library in a federal-state library demonstration program over the next three years, Mrs. Wilson said: "The purpose of the demonstration is to show what can be done with sufficient public support. The federal funds are available because it is believed that you cannot sell the public something without showing what it is. Our program for the next three years will be to show the people of the county what can be done with the hope that the countians will approve of the plan by continuing financial support for it when the federal funds have been exhausted."

**ANOTHER BOOKMOBILE**

Among plans are a second bookmobile to take books to the people "wherever they may be throughout the county. We plan to be present with the bookmobile on a regular basis at community centers, shopping centers, wherever people may gather so that they can easily secure the books available for adults and children."

Part of the work will be the addition of 5,000 books to the library. "That is 5,000 in addition to what we have and normally would buy. That in itself is quite a job, just deciding what 5,000 books to buy and the physical labor of cataloging them and preparing them to be distributed to the public."

Mrs. Wilson noted that Adams County will be one of six counties in the state which will carry on the demonstration program over the next three years and said, "We are very lucky to be one of the counties chosen."

## FUNDS FOR 4 COMMITTEES OF CC UPPED

The board of directors of the Gettysburg Chamber of Commerce, meeting Monday afternoon at the Chamber office in the Plaza building, allocated \$300 each to the four standing committees as their budget for the coming year.

The amount is an increase of \$100 over last year for each of the committees—Civic Affairs, Industrial Development, Roads and Highways, and Membership and Finance.

Allocation of \$300 for each of the committees "gives them something to work with," according to the directors. In case of special need, as occurred last year when the Industrial Committee printed a brochure to attract industry here, additional funds are made available to the committees when available, the (Continued On Page 2)

Robert G. Minter, son of Mr. and Mrs. Glenn Minter, 155 E. Middle St., and Miss Barbara L. Slusser, daughter of Mr. and Mrs. John E. Slusser, Gettysburg R. 5, have applied to the clerk of the courts for a marriage license.

## Secret Army In Algiers Increases Tempo Of Its Campaign Of Terrorism

By ANDREW BOROWIEC  
ALGIERS (AP)—Algiers' largest city moved nearer to anarchy today as the right-wing Secret Army Organization stepped up its campaign of terror and intimidation.

Defying French security forces, European terrorists blew up a special police hideout in Algiers Monday, knocked out power and electricity in the tightly guarded administrative compound of Rocher Noir, 30 miles east of the city, and launched a radio appeal to the French army to revolt.

Late Monday night police sources reported several thefts of arms in the Algiers area. One was a holdup of a truck loaded with submachine-guns, carried out by three men dressed in riot police uniforms.

## BULLETINS ARE OUTLINED FOR ROTARIANS

Dr. Harry W. A. Hanson, 80-year-old retired president of Gettysburg College and prominent Lutheran churchman, was reported in unsatisfactory condition today at Polyclinic Hospital in Harrisburg.

His physician said the educator suffered a stroke Saturday, and he appeared to recover somewhat after his admission to the hospital. Today, however, the hospital described his condition as unsatisfactory.

**HARRISBURG (AP)—** The state would spend \$100,000 to promote observance next year of the 100th anniversary of the Battle of Gettysburg and Lincoln's Gettysburg Address under a bill introduced in the House Monday.

It was sponsored by Chairman J. Dean Polen of the House Appropriations Committee.

The money would go to the Commerce Department.

## LOCAL LIONS URGED TO HELP PAY MORTGAGE

District Governor J. Louis Shultz, Hanover, and a York County candidate to succeed him as governor of District 14C at the annual state Lions' convention in May at Scranton were among the official guests at the weekly dinner meeting of the Gettysburg Lions Monday evening at the VFW home.

Shultz, the principal speaker who was making his official visit to the local club for the year, urged Lions here to help pay off a \$10,000 mortgage for Beacon Lodge, a camp for the blind in the mountains near Lewistown. He also asked the local clubmen to back the eye research foundation and the eye bank.

The district governor announced plans for a district meeting to be held Apr. 5 at the Chateau at Dillsburg when 900 Lions and ladies are expected to gather to hear Third International Vice President Claude DeVores.

**SENFT SPEAKS**

Speaking on his slogan for the year, "Prove Your Lionism," Shultz pointed to their record of service by Lionism throughout the free world, urged participation in the Lions' youth exchange and "foreign pen pal" programs as means of reducing international tensions and improving world relations. He said he recently received a letter of thanks from the Lions district governor in Pakistan expressing appreciation for the thousands of pairs of eye glasses sent there from Lions in this country.

Calling for 1,000 new members in Lions clubs in the district this year, he asked local Lions to enroll 15.

Robert Senft, charter president of the Zion's View Lions Club north of York, spoke as a candidate for district governor. Zone Chairman William Newman, Fairfield, introduced Deputy District Governor William Lau of Spring Grove, who told of plans for "district governor's membership month" in April and showed a film on Beacon Lodge. Then he introduced the district governor.

President David Bloser presided at the meeting. A board meeting followed the club session.

## ESTEP TALKS TO KIWANIS CLUB MONDAY

Julian N. Estep, president of the Gettysburg Chamber of Commerce, and local manager of Columbia Gas of Pennsylvania, Inc., was the speaker Monday evening at the meeting of the Kiwanis Club at the Lamp Post Tea Room.

Estep outlined accomplishments of various committees of the local Chamber of Commerce during the last year. Noting that the industrial committee had secured two new industries for the area and had made contacts which may lead to more industry being established here, Estep said that "we have seen the results that will come from the efforts of committee members who are willing to give of their time, their intelligence and often of their own money to do what they can to make Gettysburg a better community."

**4-LEGGED STOOL**

"Estep likened the town to a four-legged stool," holding that from the tourist standpoint the town is doing well, educationally its college and seminary are foremost, agriculturally it is a center of one of the best fruit, dairy and general farming areas in the nation, "but we have a fourth leg to consider — industry. That leg must be lengthened to establish firmly our economic base."

It was announced that Roy E. Thomas, president of the Kiwanis Club, and Clyde H. Markle, public relations chairman of the club, attended a lieutenant governor's and district chairman's conference and workshop for club officers, division chairmen and club committee chairmen at the Holiday Motel Sunday afternoon.

President Thomas introduced as guests Edward Snyder IV, Hanover, and Herbert Jones and Allen Slonaker of Gettysburg.

A meeting of the board of directors was held following the regular club meeting.

## SERVES ON FLAGSHIP

Francis C. Keefer, fireman, USN, son of Mr. and Mrs. William J. Keefer, 24 N. Fourth St., McSherrystown, is serving aboard the amphibious force flagship, USS Taconic, which recently left Norfolk, Va., for a five-month cruise with Sixth Fleet in the Mediterranean. The Norfolk-based ship will begin her overseas assignment by participating in a large Navy Marine Corps amphibious exercise next month in the Western Mediterranean.

## 40 CRIMINAL CASES LISTED FOR FEBRUARY

Thirty-five new criminal cases and five continued cases are scheduled for the February term of court according to the trial list prepared today by Clerk of Courts Clark Spence.

Nineteen pleas of guilty are listed by the clerk. A number of the cases in which innocence has been pleaded will be before the Grand Jury when it meets Monday morning.

Among those listed as entering guilty pleas are William R. Harman, Orrtanna R. 1, charged with driving while under the influence of intoxicants; Orrington (Fritz) Laughman, Hanover R. 5, conspiracy to do an unlawful act and violations of the health laws of Pennsylvania, with his wife, Katie Henrietta Laughman, in their failure to return Mrs. Laughman to Mont Alto sanatorium at a scheduled time; Preston G. Speelman, Gettysburg R. 5, larceny; Anthony L. Shriner, Gettysburg R. 5, hit and run; Calvin L. Taylor, Biglerville R. 1, driving while under the influence; Raymond Jones, Gettysburg R. 4, and Douglas L. Moston, Harrisburg, also charged with driving while under the influence of intoxicants; Luther T. McGee Jr., Washington, D. C., charged with James P. Hill Jr., and Gloria R. Hill, also of Washington, with conspiracy to commit an unlawful act and larceny; Johnson Sharpe, Gettysburg R. 1, driving during suspension; John Calvin Bucher, Gettysburg R. 2, who pleaded guilty to a hit and run charge but who also faces charges of involuntary manslaughter and drag racing.

**OTHERS ON LIST**

Louie Fred Spence, Biglerville R. 2, larceny of a motor vehicle; Donald R. Andrews, Gettysburg R. 4, driving during suspension; Richard Berkheimer, Thomasville R. 1, furnishing intoxicants to minors; Alfred J. Flory, York, hit and run, also charged with involuntary manslaughter; Leo M. Steinhour, 15 Chambersburg St., cheating by false pretense; Kenneth Earl Rank, York Springs R. 2, burglary and larceny; Lloyd (Continued On Page 3)

## 121 ATTEND CE BANQUET

One hundred twenty-one guests from 18 churches attended the 81st annual Christian Endeavor banquet sponsored by the Carroll County Christian Endeavor Union at the Reese, Md., fire hall Saturday evening.

Nine denominations, four counties, Baltimore City representatives, 11 state officers and 10 county officers were present.

Rev. Ernest H. Baker, pastor of the Carrollton Church of God, spoke on "Called to Christian Freedom." Other portions of the program included selections by Jacob Sheetz, Baltimore, on the saxophone and group singing. President Carroll L. Tinkler, of Finksburg, was in charge of the session and Frank P. Bohn, Union Bridge, was toastmaster.

Miss Nellie V. Griffin, Mt. Rainier, state Christian Endeavor president, made the following announcements: The Middle Atlantic regional conference will be held at Atlantic City, N.J., April 27-29; the international summer assembly will be held July 2-7 at Huntington College, Huntington, Ind.; the world Christian Endeavor conference will be held in Sydney, Australia, August 16-21 and the Maryland state convention will be held at Claggett Diocesan Center, Buckeystown, the third week in September. In 1963 the international convention will be held in Washington, D.C., July 2-6.

Secretary Mrs. Roy B. Kiser, Taneytown, presented "Mobilization Membership" with the main objective to develop Christian leadership to combat Communism.

pastor, the Rev. Lena Parr, will conduct the service and the Rev. Edwin W. Coddington, Baptist pastor, will deliver the sermon. The choir of the host church will give the special music.

### CITES REDS' METHODS

The final service in the series will be held Wednesday evening in Memorial EUB Church with the host pastor, the Rev. Donald L. Harper, delivering the sermon.

In his sermon Monday evening, the Rev. Mr. Treese referred to the "founding weakness" of the modern church, its need to recapture the "power and witness church from which the church has fallen" and said that it might be well for the church to learn from the methods of "Christianity's most dedicated opposition, atheistic communism." He said research has shown the "cardinal principles" upon which the Communists base their witness are: "They have a good sense of timing and of the dramatic; their dream and drive are clearly conceived and they are occupied on a full-time basis."

He continued: "We have had a glorious heritage of boldness sown from the foundations of our faith . . . It is doubtful that any fear is going to be generated by our references to part-time Christianity tonight—doubtful that is unless we begin facing up to the hard realities of the present ordering of our world at home and abroad. An honest appraisal of the cataclysmic possibilities . . . staring us in the face tonight should create in us the fear that overcame the early church when it realized the danger of not doing all that it could for the Lord. This fear did not paralyze them, it inspired and motivated them to get on with winning the world for Christ by witnessing for Him."

## FUNDS FOR 4

(Continued From Page 1)

Reports at the meeting indicated the committees have scheduled meetings this week to begin their activities for the year and begin plans that will include additional activity to promote establishment of new industry here and expansion of present industry, conduct a second Business, Industry, Education Day here, boost membership and participation in the Chamber of Commerce, continue studies and suggestions for community betterment and promote better roads for the area.

President Julian Esip told the board that additional responsibility for public relations will be placed on the special advisory committee headed by Richard A. Hartley as chairman established for the first time this year.

## Files Report For Fairfield Borough

Fairfield residents paid \$23,497 in taxes during 1961, according to the annual tax collector's report filed by J. Harry Kane today with Clerk of the Courts Clark E. Spence.

The report showed \$5,930 paid in borough taxes; \$14,175 in school taxes; \$2,327 in county taxes and \$1,063 for institution district taxes. Total cost of the collections was \$1,102, all of which was for Kane's salary.

Kane listed no expense in the report.

## COURT HANDS DOWN OPINION IN STELLO CASE

The Adams County court today handed down the opinion on its decision that Karl Henry Stello, New Oxford R. 2, is guilty of 10 violations of the motor vehicle code.

Stello was charged with the violations by State Trooper John R. Farrell, garage supervisor for the area, when Farrell went to Stello's lot in Tyrone Twp. in response to Stello's application to the state Department of Revenue for registration as a dealer.

While there, the court opinion noted, Trooper Farrell asked Stello for the certificates of title for the motor vehicles on his used car lot. "He found they were all in violation of the provisions of the vehicle code and, after checking the vehicles, he placed the defendant under arrest."

Stello waived hearing before a justice of the peace and gave bail for court. When he was found guilty by the court of all 10 charges, Stello gave notice of intent to appeal to the Superior Court, according to the opinion.

The court held that the certificates of title given the officer by Stello "indicated violations of three sections of the vehicle code." Four of the certificates were issued in the names of others and were properly assigned to Stello on December 23, 1960; March 25, 1961; April 8, 1961, and May 6, 1961. "Although the investigation was made October 1, 1961, the defendant had not made application to the secretary of revenue for new certificates of title in his name . . . within 15 days of each assignment . . . as required . . . The defendant had clearly violated the provisions of this section of the code as to the four certificates of title in question."

Another violation related to a certificate of title issued in the name of Edward F. Fuhrman and assigned in blank. The court noted that "possession of a certificate of title assigned in blank is a violation of Section 212(b) of the vehicle code."

### NO UNLAWFUL SEARCH

The five other violations referred to five certificates of title issued by the state of Maryland to Karl Henry Stello with a Maryland address. The court held that Pennsylvania law provides that a person who is a resident of the state cannot own a motor vehicle in the state unless he has a certificate of title from Pennsylvania.

"The testimony showed that the defendant stated he had purchased the farm in Tyrone Twp. in 1955 or 1956 and had started bringing vehicles there in 1959. He also told the officer that his business office was in a garage about a mile from the farm. On his application for dealer's registration he gave his address as New Oxford R. 2, as he had also done with a number of certificates of title assigned to him. The defendant contended that he was still a resident of Maryland, since he spent only six days a week in Adams County and returned to Maryland one day each week. He also contended that while he was a legal resident of Pennsylvania to do business he was not a true or voting resident of this Commonwealth. The undisputed facts, however, clearly bring him within the definition of 'resident' under the provisions of the vehicle code."

"During the hearing the defendant contended that the evidence against him was obtained by illegal search and in violation of his constitutional rights. This contention overlooks the undisputed fact that the officer was there on the defendant's application for dealer's registration and that the defendant willingly produced the certificates of title as part of this investigation. There was no unlawful search or seizure."

"The defendant also contended that he was a dealer . . . He failed, however, to show facts bringing him within the definition of a dealer . . . and he also failed to comply with the provisions of the vehicle code relating to dealers," according to the opinion.

# Gettysburg Native Building Campus For Presbyterian College He Heads In Florida

Under the caption, "Highflying College," the February 1 issue of Presbyterian Life, biweekly publication of the United Presbyterian Church in the USA, devotes its cover and five pages of text and pictures to the Florida Presbyterian College at St. Petersburg, Fla., of which Dr. William H. Kadel, Gettysburg native, is president.

The article by Janet Harbison says: "Topnotch curriculum and faculty are already putting fledgling Florida Presbyterian on the skyway to excellence."

The new college's president is the youngest son of Mrs. J. H. Kadel, W. Middle St., a graduate of Gettysburg High School and Gettysburg College in the class of 1935. He is a Western Theological Seminary graduate and during World War II was an Air Force chaplain.

## FIRST PRESIDENT

The young college, jointly sponsored by the Florida Synods of the Presbyterian Church in the U.S. (Southern) and the United Presbyterian Church in the USA, has 360 Freshmen and Sophomores and will admit a third class in September as the new school moves toward its goal of a student body of 1,300.

The college president left a Presbyterian pastorate in Orlando, Fla., to become the institution's first president in the fall of 1958 "with little more than the backing of two synods, a handful of dreams and an office in an abandoned store." Dr. Kadel says: "From the very beginning we decided to build a great college."

His first two faculty appointments were a librarian and a dean and now 80 per cent of his faculty are the possessors of Ph. D.'s. The college has established "an unusually high salary scale to attract quality," Miss Harbison writes.

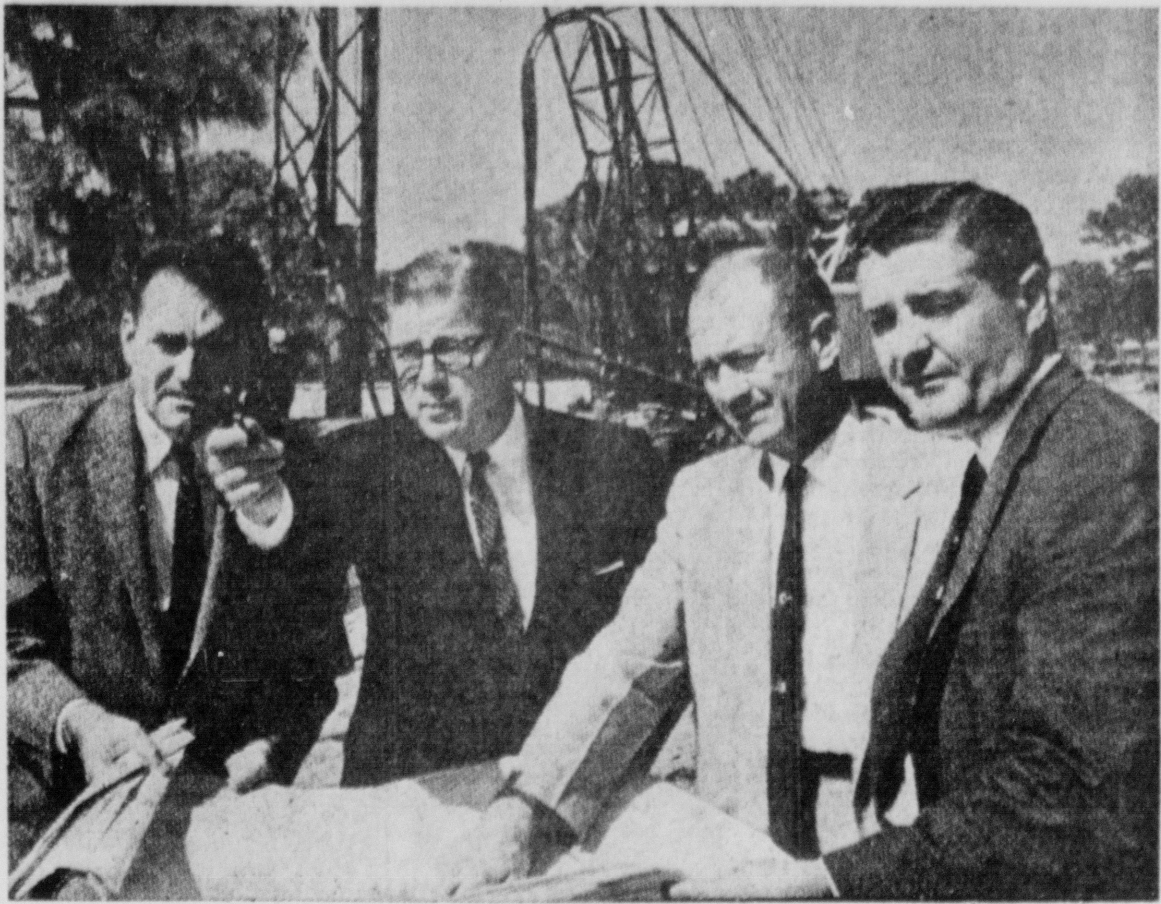

## RAISED \$7 MILLIONS

The curriculum is "solid liberal arts." Core courses on "Western civilization and its Christian heritage" are required in the first two years and in the last two years the core courses are planned around the study of non-Western cultures and the "relationship between the Christian faith and great issues." Another distinctive feature of the college's curriculum is a winter term of independent study.

Other noteworthy features of the school's education offerings are listed this way in the Presbyterian Life story: a language laboratory that is one of the most modern in the east; a reading improvement program, summer language study, a plan for a five-year applied science program to help fill the need for liberally educated engineers, plans for courses intended to give church members opportunity to continue their education and adult projects for the St. Petersburg area.

## HIGH QUALITY

Undertaking the task of building a campus as the college goes through its formative years, the college already has been given over seven million dollars and needs another million this year. By fall the new campus will include a library, lecture auditorium, classrooms, and dining and

President William H. Kadel points out the location of dormitories soon to rise on the new Florida Presbyterian College campus at St. Petersburg, Fla. sleeping space for 282 students, men and women.

"College officials believe they have the highest quality student body in the state of Florida. Students are well above the national average on scholastic aptitude tests. Ninety per cent of this year's entering class were in the top half of their high school graduating classes."

"The college has made liberal scholarship and loan funds available despite its need for money for almost everything. While most of the students are Presbyterians and most are from Florida, many other states and denominations are represented," the article continues.

The Student Christian Association, advised by college chaplain, Alan Carlsen, who came this year from Dartmouth, has set up a blood bank and is supporting two of three Cuban refugee students at the college. There is no required chapel at Florida Presbyterian. The theory is, as the president puts it, "It is our responsibility to win the students by the kind of chapel, the kind of ministry we have."

## CHRISTIAN FACULTY

Florida Presbyterian is trying in the words of its charter "to impart to her students, against a background of Christian faith, a knowledge of men, the universe in which they live, and the relationship of both to the Creator and Redeemer."

"What is a Christian College? The question isn't answered. We are trying to find out," says President Kadel. "In order to find out you have to have a Christian faculty. No one else will try to find out." The faculty members are required to "acknowledge Jesus Christ as Lord and Savior" but they are not specifically required to be members of a church.

"That battlefield preservation crowd used long-range lenses to get some pictures so it looks like a statue is right in the middle of an ice cream stand," Weaver said in an interview.

### CENTER TO OPEN

"So-called commercialization has been played up out of proportion," the mayor said. "There's nothing out of the normal going on here."

"James B. Myers, superintendent of the National Military Park, showed a visitor the sweep of Pickett's Charge from the window of the new, million-dollar Visitors' Center, due to open this spring.

"That much is safe," said Myers of the browned farm land stretching from Seminary Ridge to the Confederacy's Highwater Mark near his front door.

### FUND DRIVE PLANNED

"Henry M. Scharf, owner of the Hotel Gettysburg and treasurer of the association, said a drive for funds will soon be started among the Civil War round tables, the discussion groups of war buffs. 'And we think we've done pretty good' so far with \$70,000 spent for land," Scharf said.

"Park Superintendent Myers concurs. 'But think what could have been done 25 years ago with \$100,000,' he said. 'It is heartbreaking to see a wonderful view that could be ruined forever with the wrong kind of development.'"

The New York Times' "Letter to the Editor" article is published in the Here and There column in today's edition.

Fairfield R. 1, February 21 at 8 p.m. The topic for discussion then will be the feed grain program.

But the critical problem is the high cost of acquiring properties held tightly by a few dozen otherwise delightful people who are in profitable business along the Emmitsburg Pike (now U.S. Rt. 15). Congress could have prevented this tragedy by a relatively small appropriation and a little foresight back in the 1920's.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
FIFTY YEARS AGO

**Protect Deer Chased By Dogs:**  
Disgusted because the game wardens do not seem to be able to cope with the deer-killing dogs in South Mountain, four of the Locked Antler Deer Club Hunters went out beyond Caledonia and after some tracking found trails of five dogs and soon afterward found a dead deer.

Following the tracks they overtook and killed two dogs and chased three others toward Shipensburg, the dogs escaping.  
In the last year marauding dogs killed 18 deer in South Mountain.

**Cleared \$48.00 At Musicals:**  
Brus Chapel was well filled Tuesday evening with Gettysburg's music lovers who listened for an hour and a half to a delightful program by local people, the college orchestra and Mrs. Link, of York. The entertainment was for the benefit of the town Young Men's Christian Association which realized \$48.00.

The gratifying financial result was made possible by the generous support given by those who took part and those who patronized the entertainment.

**County Will Be Represented:**  
Adams County will be well represented at the convention of the school directors of the state to be held in Harrisburg Thursday and Friday of this week, the following going as delegates from the county association: John H. Stock, Hamilton Township; Robert K. Major, Strasburg; Millard F. Stoner, Highland; William A. Alwine, Oxford; Frank A. Waybright, Mount Joy. In addition John A. Knouse, of Arendtsville, president of the county association; Prof. H. Milton Roth, county superintendent, and C. Arthur Griest, of Guernsey, will attend.

**Dr. Hildebrand Hurt In Run-**  
away: Dr. J. H. Hildebrand, of Biglerville, was severely injured about eight o'clock this morning when his horse got beyond control and he was thrown from a sleigh against the side of a house, sustaining four fractured ribs and numerous bruises. Though suffering from his injuries, it is believed that he is not serious and that the well known physician will recover in a reasonable time from his experience.

**Another Apple Canning Factory:**  
The Musselman Canning Company of Biglerville has in contemplation the erection in the very near future of a plant of similar size and capacity to their present factory either at Gardeners Station or at Orrtanna.

The Biglerville plant, which has been a great success under the efficient management of Mr. Musselman, has a capacity of one thousand bushels of apples per day and employs 115 hands. It is proposed to have the new plant handle the same amount of fruit and employ an equal number of persons. Cider and boiler rooms will be similar to those at the Biglerville plant.

**Celebrates 95th Birthday:**  
On Sunday, February 4th, Mrs. Mary Menchey, the mother of John A. Menchey, Henry and Edward Menchey, and Mrs. Mary Yeagly, of this place, will reach her 95th birthday. She still retains her faculties and recognizes all who visit her in the home which she has occupied all the 72 years of her married life. Her many friends trust that she may live to celebrate many more birthdays.

**PHILADELPHIA (AP)** — Common Pleas Judge Leo Weinroth of Philadelphia has been re-elected commissioner of the Middle Atlantic Intercollegiate Football Association. He has complete charge of appointing officials for games of 14 member colleges.

Robert Reese, director of athletics at West Chester State College, was elected president of the organization Monday, while John Reese of Wilkes College was named vice president. George A. Reese of Pennsylvania Military College was re-elected secretary.

## Today's Talk

### ARE WOMEN SMARTER THAN MEN?

I have listened to many a discussion as to whether men are smarter than women and vice versa, on so many occasions that it always makes me smile when the question is brought up.

You might as well ask: Which is the more useful fruit, the pear or the plum?

For myself, I owe the greater part of my education and success in life to women. My mother was the first one. Then my teachers at school.

There is something very fine, unusual and inspiring about the feminine mind. It is much braver than that of a man. And though, at the present writing, no woman has ever been elected to the Presidency of the U. S. A., that day may yet come!

There are few activities in which the mind of a man has worked but what that of a career woman has distinguished itself quite as nobly and well.

It is idle to discuss the relative importance of either mind. I have often wished I were as smart as many women I have known. And I use the term "smartness" in the sense of intelligence.

Intelligence is born in one. It's the way to use that intelligence that makes either a man or woman worthwhile. And schools come in here to do their part.

Yet the best possible school is the world—people, countries, and all that there is in animate and inanimate life.

A woman is smarter than a man when she learns something from him that he doesn't learn from her. And the statement is just as true reversed.

Tomorrow Mr. Adams will talk on the subject: "Serve Yourself And Save"

## Just Folks

**THE RECORD**  
I'd like to write about the storm  
And heaps of driven snow;  
I'd like to let my fancy soar  
To whitened trees that blow;  
I'd like to picture open fields  
In mantles fair to see,  
But what's the use? Some veteran  
Will bring up '73.

'Twould be the proper thing today  
To sing about the snow—  
The ermine-crowned mountain top,  
The peaceful vale below;  
To dwell upon the beautiful  
Were proper, you'll agree,  
If there was none who would recall  
The storm of '73.

For never was a snow storm yet,  
Nor blizzard ever blew,  
That quite came up in all respects  
To those some ancient knew.  
I never sing of snow storms now,  
However bad they be,  
Because I've learned no storm  
can beat

That one in '73.

## UMW OFFICER, BANK CASHIER ARE ARRESTED IN BIG FRAUD

EXETER, Pa. (AP)—August J. Lippi, 59, a director of the First National Bank of Exeter, Pa., and a cashier have been arrested in connection with the alleged understating of accounts to the extent of \$397,984.

Lippi, also president of District 1 of the United Mine Workers of America, was arrested by FBI agents in Washington shortly before midnight Monday night on charges of violating the Federal Reserve Act. He faces a hearing before a U.S. commissioner in Washington.

### CASHIER ON BAIL

Earlier in the day, FBI agents arrested the cashier, 55-year-old George J. Daileda, at the bank and charged him with understating accounts. He was given a hearing before U.S. Commissioner John Mulhall in Pittston, Pa., and released in \$25,000 bail.

Fred A. Frohose, special agent in charge of the Philadelphia office of the FBI, said a complaint by U.S. Atty. Bernard J. Brown of the Middle District of Pennsylvania, alleged that Lippi aided and abetted in making false entries in the records of the bank.

### MADE FALSE ENTRIES

The FBI said Daileda made false entries in the records to cover checks which were not backed by sufficient funds written by Lippi. The FBI gave out no additional details on the alleged checks.

Frohose emphasized that Daileda was not accused of embezzling the funds. He has worked for the bank since it was founded in 1927 and had been a cashier since 1946.

The FBI said there has been a shortage since 1946 and it built up gradually.

### SON PRESIDENT NOW

Frohose said Daileda had understated accounts on three occasions. He said two instances were found in the special time savings deposits and amounted to \$24,000 and \$323,984. The third instance, said Frohose, was uncovered in the commercial deposits account and amounted to \$50,000.

Daileda was represented at his hearing by Atty. Arthur Dalesandro, who was named a bank director earlier this month when a reorganization was undertaken. No testimony was given at the hearing.

Lippi had been president of the bank since 1927 but he stepped down last month and his son, Etore, was named president.

### CONVICTIONS SET ASIDE

Daileda had appeared before a federal grand jury in Scranton, Pa., with various bank records in recent years. The grand jury was investigating alleged collusion between labor and management in the northeastern Pennsylvania anthracite industry. Several indictments were handed down charging individuals and firms with violations of the Taft-Hartley Labor Act.

Lippi was convicted in Federal Court in Wilmington, Del., in June of 1960 of accepting about \$8,000 in payments from the defunct Knox Coal Co. while representing its employees. But he later was granted a new trial. No date was set.

Lippi also was convicted of involuntary manslaughter as a result of the 1959 Knox Coal Co. mine disaster at Port Griffith, Pa., in which 12 miners were killed. But a court set aside the conviction due to an alleged faulty indictment.

## 6 Collegiates To Spend Time In Jail

TROY, N.Y. (AP)—Six college students, including one from Pennsylvania, will spend their weekends in jail for about three months for taking a big spruce tree from a cemetery and using it for a Christmas tree in their fraternity house.

The six students at Rensselaer Polytechnic Institute and members of Delta Tau Delta Fraternity, pleaded guilty Monday to disorderly conduct.

Justice Joseph F. Daly ordered them to begin serving their sentences at 5 p.m. Feb. 9. They will be released at 6 a.m. Monday to attend classes, but must return to jail again each weekend until their 30-day sentences are up.

The students are: Roy B. Thompson, 19, of Toronto, Ont.; John E. Grady, 19, of Whitehall, N.Y.; Fred R. Golden, 18, of Bay-side, N.Y.; Douglas C. Willumson, 18, of Darien, Conn.; Paul G. Mason, 18, of East Longmeadow, Mass.; and George E. Policello, 19, of Morrisville, Pa.

## WILL PLAN FOR SCOUT WEEK DINNER, COURT

Boy Scout Week activities will be discussed at the weekly meeting of Boy Scouts Troop 84 on Wednesday at 7:30 p.m. at the Community Center. The boys will be guests of the local Rotary and Lions Clubs for a dinner program at 6:45 p.m. on Thursday in the social hall of Redeemer's United Church of Christ. The Troop 84 Court of Honor will be held the following Wednesday, February 7, at 7:30 p.m. in the St. Aloysius Hall.

The local Boy Scouts will enjoy swimming at the York YMCA this evening. The group will leave town at 7:30 o'clock from the Community Center.

Richard J. Berwager was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ on Sunday evening. The program consisted of group singing, accompanied on the piano by Nancy Koons; accordion selections, George Koons; Scripture, Mrs. Harold E. Shoemaker; prayer, Clyde L. Sterner; vocal solo, Ruth Koons, accompanied by George Koons; topic, "Called to Christian Freedom," discussed by the leader for the evening; business in charge of the vice president, Ray Bowman; closed with the Lord's Prayer and C. E. benediction in unison. Ruth Koons was appointed to be leader for the meeting next Sunday at 7 p.m.

Girl Scout Troop 780 met on Monday after school at the engine house, with Mrs. James H. Spalding, leader, in charge. Carol Mark-er and Kathy Staveland did a puppet show this week; at last week's meeting a show was staged by Peggy Chronister, Joyce Myers, Karen Kerchner and Tina Reigle. It was announced that registration dues will be payable the third week of March and the troop members were also reminded of the Juliette Low Rally and Fund. The troop will meet again next Monday after school.

The Mason and Dixon Home-makers will meet on Tuesday, February 6, 8 p.m. at the home of Mrs. Theron Bair, near town. The discussion topic will be "Machine Mending."

### METHODISTS NEWS

The Rev. William R. Jones, pastor of Centenary Methodist Church, delivered a message on the theme "A Dwelling Place of God" at the worship service on Sunday morning. He read the Scripture lesson from Ephesians 2:11-22 and 4:17-32. The Junior Choir sang the anthem "God Will Speak to His Children." The altar flowers were placed by Mr. and Mrs. Thomas Kerns. The bulletin was sponsored in honor of the birthday of Mrs. Ester Harner by her children, Richard, Rebecca and Kevin. In the recent conference fund raising program, it was noted that the local church raised \$6,495 on a \$4,673 share. The committee for the fund raising comprised

## NETWORKS ARE BUSY GETTING NEWS OF BLAST

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—As soon as the Cape Canaveral man-shoot was called off Saturday, the weary television teams covering the launching went back to work—making plans and gathering material for the next try, now tentatively set for Thursday.

The big problem is to fill the TV screens and sound tracks with interesting material during the long, long count-down when the astronaut is in the capsule and the rocket is fuming quietly on its pad and during the subsequent hours when, hopefully, both are swinging around the earth.

None of the networks plans to re-use any of the pre-taped interviews unreleased Saturday morning. ABC teams are scurrying around making a new supply. NBC, according to Don Meany who manages special programs, has plenty of unused material left because it prepared so much in advance, but is going to tape some new interviews—some with new faces and some with Canaveral personnel who appeared Saturday. It is also planning to inject some illustrative material—charts, drawings, graphs—into the interviews on technical and scientific subjects.

### NO NEW PLANS

Don Hewitt, co-producer of CBS's coverage, said that CBS used up scarcely one-fifth of its pre-shoot supply and has no plans to make more. One reason, Hewitt said, is that CBS used its reserve material sparingly because its anchorman, Walter Cronkite, felt that, with the appearance of the first clouds the shoot might be called off.

Most unusual program in many a TV moon was NBC's half hour news special on Sunday, digesting current Federal Communications Commission hearings. Stars of the program were top officials of NBC's arch rival, CBS, next Sunday, however, NBC's own brass will be seen and heard.

Recommended tonight: Dick Powell Show, NBC, 9-10 (EST)—"Squadron," a war story; "Close-up," ABC, 10-11—"The Great Conversation," a study of Christianity.

Chester S. Byers, William L. Burgoon, Kent E. Daum, Thomas H. Kerns, Mrs. Ruth Smith and Mrs. W. R. Jones.

The Senior Choir of Centenary Church will rehearse this evening at 6:30 o'clock. The rehearsal next Tuesday will precede the Fourth Quarterly Conference at 7:30 p.m. at the church. Dr. Edgar A. Henry, district superintendent, will be in charge. The date for the next meeting of the Women's Society of Christian Service was changed from February 13 to Thursday, February 8, at the church.

The young people of Centenary Methodist Youth Fellowship enjoyed bowling on Sunday evening at Banker's alleys, N. Queen St. Arrangements were in charge of the recreation committee, Mrs. Estella Furlow, Darlene Barnes, Yada Gregg and Robert Smith. The regular meeting of the MYF will be held next Sunday at 6:30 p.m. at the church. Dianne Byers will be leader.

### BREAM IS SPEAKER

Mrs. John Gentzler, trained nurse and committee member of Girl Scout Troop 957, presented a demonstration on first aid at the meeting of the troop last week at the engine house. The demonstration was in conjunction with the requirements for second class.

The meeting opening was conducted by Melody Cluck, Barbara Greeson and Nadine Gentzler. Mrs. Paul A. Mayers and Mrs. Paul Hull, leaders, were in charge. The Girl Scouts will learn knot-making at the meeting on Wednesday at 6:30 p.m. at the engine house.

Jack Bream, physical education instructor and basketball coach at the local high school, was the guest speaker at the meeting of the Luther League of St. John's Lutheran Church on Sunday evening. His subject was "Religion and Athletics." Dwight Strevig was leader and introduced Mr. Bream. The Scripture was read by Dale Bair. Thirty persons were in attendance. Betty Leister will be leader for the meeting next Sunday at 6 p.m.

## Princess And Husband Criticized In London

By ANTHONY WHITE

LONDON (AP)—The womanly whims of Princess Margaret—once the darling of the nation—Monday came in for some of the frankest criticism she has ever had to face.

The Daily Mirror called her occasionally perverse and petulant and said her future was a problem.

It was the latest, and the toughest, round in a bout of scattered sniping at the princess whose actions lately seem to have disenchanted some people.

There was disapproving head-shaking when she and her husband, Lord Snowdon, took off from London's icy winter a few weeks ago for the Caribbean sun, leaving their two-month-old son David behind.

### HOGGED SEATS

Then a businessman publicly complained that the royal party had hogged all the first-class seats in the plane taking Margaret and her husband to Antigua.

While they were away a row broke out over the cost of giving a \$230,000 facelift to their new home at Kensington Palace.

What annoyed some people was that the government was pre-

Purification, Saturday is the Feast of St. Blaise and throats will be blessed by the pastor, Rev. Dr. John E. Metz, following the Masses Sunday at 7:30 and 10 a.m. The weekly public party will be held Saturday night at 8 o'clock. Paul E. Altoff is chairman of the committee on prizes and general arrangements. Mrs. Z. W. Sanders heads the refreshment committee.

Following the late Mass Sunday, Father Metz baptized Victor Anthony Trone, infant son of Harold and Marianna Catalino Trone, who was born January 2 in the Warner Hospital, Gettysburg. Baptismal sponsors were the maternal uncle and aunt, Salvatore and Angela Scalia, Baltimore.

Investiture services for Brownie Troop 976 will be held Friday at 3:30 p.m. in the engine house. Parents of the Brownies are invited to attend. The final rehearsal for the investiture was held at the troop meeting on Friday. A musical chair game was won by Deborah Morgret. Supervising activities were leaders Mrs. Samuel J. Snyder, Mrs. Herbert J. Sell, Mrs. Harry D. Feeser and troop aide Peggy Altoff, who was piano accompanist.

Cub Scout Den 5 met Friday evening at the engine house when Den Mothers Mrs. Denton Barnhart and Mrs. William Waltz and den chief Robert Altoff helped the boys complete work on place mats for the annual Blue and Gold dinner. The awards ceremony and dinner will be held on Monday, February 12, at 6:30 p.m. at the Rolling Acres Elementary School. Prayer meeting will be held in Bethel Assembly of God Church, along the Littlestown Fish and Game Rd., at 7:45 p.m. Wednesday.

Though a diamond is the hardest known natural substance, it could be even harder. A diamond would be denser if individual atoms in its latticelike structure were surrounded, not by four, but by 12 equidistant atoms, as in hard metals.

parred to spend the money on a couple well heeled anyway while other folks were homeless and the government was banning wage rises.

The Mirror's tilt at Margaret—in a front-page editorial headed "The Perverse Princess and 'Tony the Camera'"—appeared the day after she and her husband got back from their vacation.

### EYEBROWS ARE RAISED

When they flew off to the Caribbean sun, said the Mirror, "eyebrows were raised among the public, for 1961 was not exactly an exhausting year for either of them."

Then it added: "But the princess is a lady with a mind of her own. Charming, but occasionally perverse. Those who can influence her can be counted on one finger, for perversity means 'disposed to go contrary to what is reasonable or required.'"

The Antigua vacation was a refresher for Snowdon before he starts his job as artistic adviser with the Sunday Times—cause of more public discontent.

### MANY FAVOR WORK

But the Mirror declared it was all in favor of Snowdon taking a worthwhile job instead of "walking the regulation number of paces behind his wife or sister-in-law (Queen Elizabeth) on state occasions."

Said the Mirror: "If anybody is worried about Tony joining the Sunday Times, the whole business can be balanced by Princess Margaret joining the Mirror as woman's editor, though this offer cannot remain open indefinitely."

Then it added gravely: "The problem is not the future of the photographer, but the future of the princess."

"Her critics may be too severe in saying that she performs the minimum of work at the maximum level of public expenditure, but her petulant decisions and personal insouciance are bound to raise the question sooner or later whether she should retire into private life."

## ASK VOICE ON APPOINTMENTS

HARRISBURG (AP)—The Pennsylvania Bar Association desires a greater voice in the appointment of judges or lawyers to the state courts.

The PBA adopted a resolution Saturday urging the next governor to allow the association's Judiciary Committee to investigate any and all judicial appointees before the appointments are made.

The resolution passed unanimously in the association's closing session of its 66th annual meeting.

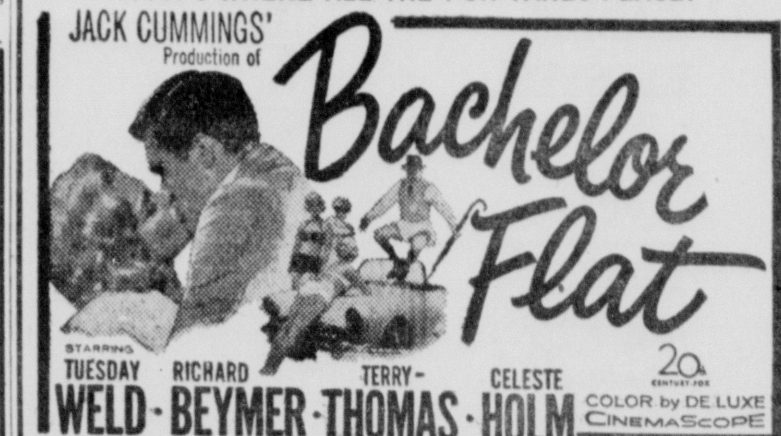

The association noted that this policy would be in line with procedures followed by President Kennedy, former President Dwight D. Eisenhower and the governors of several other states, including New York and California.

Bernard G. Segal, the resolution's sponsor from Philadelphia, said the Judiciary Committee plans to meet with each of the candidates for governor and discuss the merits of the resolution. Segal is chairman of the Judiciary Committee.

## Warriors Invade Hanover Tonight; Cannors Host To Carlisle; Five A-F Games

Second half play in the South Penn Basketball League opens tonight with a pair of games, Gettysburg High playing at Hanover and unbeaten Carlisle invading Biglerville.

The Gettysburg High Warriors (1-11) will be striving to snap a nine-game losing streak against the Nighthawks. Hanover upended the Warriors here in the first half 51-41 and will be doubly tough to overcome in the confines of their small playing court.

Coach Fred Kreuter has three lettermen from last year on his squad, Jack Shafer 5-10, Jim Grove 6-2, and Lynn Reck, also 6-2. The Hawks have also been having their troubles this season and have won but four while losing 11.

The Warriors reserves, with a two-game winning streak and a 4-7 log, will be out to avenge a 38-25 loss here in the preliminary.

**CARLISLE SEEKS 15TH**  
Biglerville is confronted with a rugged assignment in attempting to halt the 14-game winning streak of undefeated Carlisle, first half SP champs.

The Cannors, 6-7 overall, suffered a 73-30 drubbing at Carlisle earlier this month and will have to put up a superb performance to make it interesting for the Thundering Herd.

Gettysburg Junior High is idle tonight but two South Penn Junior High games are scheduled, Central at Carlisle and Washington Township at Waynesboro.

All 10 teams of the Adams-Franklin League are scheduled for action tonight when Greencastle plays at Littlestown, St. Thomas at Fairfield, Bermudian at New Oxford, Buchanan at Scotland and Quincy at Fannett-Metal.

Delone Catholic, 8-6 for the campaign, tangles with the strong Lebanon Catholic dribblers at Lebanon in the only Central Penn Catholic League game which inaugurates its second half schedule.

Lebanon whipped the Squires 59-45 last week at McSherrystown and figures to be even tougher on its home floor.

## GERMANS COP BOBSLED TITLE

**GARMISCH-PARTENKIRCHEN, Germany (AP)** — Germany's Franz Schelle today won the four-man world bobsled championships with an aggregate time of 2:33.66 minutes for two runs down the mile-long Olympic track.

Schelle finished the first heat in 1:16.99 only two hundredths of a second behind Sergio Zardini of Italy. He scored an impressive second heat time of 1:16.67 to clinch the title.

The races had been postponed three days running because of mild weather. The temperatures dropped well below freezing Monday.

Zardini made runs of 1:16.97 and 1:17.21 for a total of 2:34.23 minutes.

Austria's No. 1 sled, with Franz Isser at the wheel came in third, Canada 2, with Lemont Gordon steering, placed fourth.

The lone U.S. entry, piloted by 1953 world champion Lloyd Johnson, an American businessman from Madison, Wis., living in Germany, finished 14th and last with a time of 2:41.57.

## KENTUCKY IS ON WINNING STREAK OF 13

While top-ranked Ohio State keeps streaking along college basketball's victory trail much as expected, pursuing Kentucky has proved somewhat of a surprise in reeling off a long winning string of its own.

Adolph Rupp's Wildcats, pegged No. 2 in The Associated Press poll, extended their victory streak to 13 with a 71-62 triumph over Georgia Tech in Atlanta Monday night. Kentucky's over-all record is 14-1.

Undefeated Ohio State upended Purdue 94-73 on the Boilermakers' court for its 15th straight success. It also was the Buckeyes' 20th Big Ten conquest in a row, equaling the modern league record for most consecutive victories set by Indiana in 1950.

**BRADLEY WINS**  
Two other members of the top 10 also saw action as the schedule picked up after a two-week lull caused by midterm examinations. Ninth-ranked Bradley polished off Tulsa 62-50 in a Missouri Valley game and Mississippi State, No. 10 nationally, disposed off Delta State 106-76.

A team in the process of rebuilding, sophomore-studded Kentucky has projected itself into the thick of national contention. The Wildcats' only loss was to Southern California, 79-77, in their second game.

Sophomore sensation Cotton Nash powered the Wildcats to their fifth successive Southeastern Conference win at the expense of Georgia Tech. The 6-foot-5 blond stalwart contributed 18 points in the second half after being held to three before intermission.

**STARS OUTSHINE**  
The return meeting between All-Americans Jerry Lucas of Ohio State and Terry Dischinger of Purdue proved something of a dud. Boilermaker sophomore Mel Garland and the Buckeyes' Mel Nowell stole the spotlight.

Dischinger outscored Lucas 23 to 13, the third time he has finished ahead of the Ohio State star. Garland wound up with 30 points for Purdue. Nowell's long-range shooting accounted for 29 for the Buckeyes.

Mississippi State coasted to its 15th triumph in 16 outings at the expense of outclassed Delta State. Delta's Grandie Barron topped the scorers with 25 points.

LeRoy Ellis' 31 points triggered touring St. John's (N.Y.) to a 78-72 double overtime win over Notre Dame. Jimmy Rayl scored 17 of his 24 points in the second half as Indiana rallied to nip North-western 72-71 and Wisconsin posted its fourth straight Big Ten victory in turning back Illinois 85-81.

**WEST VIRGINIA LOSES**  
Virginia Tech handed West Virginia its first Southern Conference setback in 11 games 85-82 behind a 28-point barrage by Bucky Keller. Vinnie Ernst tallied 31 points and Jim Hadnot chipped in with 28 as Providence whipped Niagara 77-67. Clemson trimmed Furman 97-88 despite a 28-point harvest by the losers' Jerry Smith.

Xavier of Ohio downed Detroit 89-82 with Joe Geiger topping the winners with 26 points.

Alabama defeated Chattanooga 73-56, Mississippi thumped Florence (Ala.) State 80-70, Connecticut tripped New Orleans Loyola 84-74, Delaware edged Virginia 89-88, Arizona State University walloped Los Angeles State 114-66 and Idaho State squeezed past Eastern Montana 24-23.

### ROCKET PILOT IS HONORED BY TOWN

WASHINGTON, Pa. (AP)—Rocket pilot Joe Walker was honored Monday as one of Washington's leading citizens.

Washington proclaimed the day "Joe Walker Day" to show its pride in the 40-year-old test pilot who guided the experimental X-15 rocket plane to a world record speed of 3,920 miles an hour last October.

Speaking as guest of honor at a luncheon given by Washington & Jefferson College, Walker, a 1942 graduate, said:

"The designed altitude of the plane is 50 miles, but we hope to reach 100 miles. As far as we know Russia does not have a comparable program to the X-15."

He said the highest speed reached by the X-15 has been 4,093 miles per hour and "that's almost the maximum."

Later at a chamber of commerce banquet, Edward Martin, former U. S. Senator and ex-governor of Pennsylvania, presented Cookerly, Bermudian, 20 to 12.

Walker also was honored in an assembly program at his former high school, Trinity.

## Mount Site For M-D Tournament

Announcement has been made that the annual Mason-Dixon Conference basketball tournament will be held at Mt. St. Mary's College, Emmitsburg, March 1, 2 and 3.

The Mount, defending conference champions, are presently leading the North League with a 7-0 record.

Two nonconference games face Jim Phelan's Mountaineers (11-3) this week. On Wednesday they oppose the New York Athletic Club and on Friday meet New York University, both in New York City.

## INDIANS SIGN BONUS YOUTH FOR \$40,000

By MIKE RATHET  
Associated Press Sports Writer

The Cleveland Indians have paid an estimated \$40,000 to Kinard Littleton, a Clinton, S.C., schoolboy, and become the first major league baseball club to take a chance with the new bonus rule designed to curb hefty payments to untried youngsters.

"Damn the torpedoes and full speed ahead," General Manager Gabe Paul quipped Monday as he announced the signing of the young infielder. "We will continue to spend money and will sign any good prospect we can. We'll take our chances."

The Indians will be taking their chances with the new rule that says any player, regardless of the size of his bonus, may be subject to a draft by another team after one year in organized baseball—unless the club decides to keep him on its roster for an entire second season.

**SIGNED 5 OTHERS**  
The Indians also signed five players on their present roster, bringing to 25 the number under contract. The New York Yankees signed a trio of 1961 bonus babies, including \$100,000 recipient Jake Gibbs.

Top names among the Indian signees were catcher Harry Chitt, acquired in a trade with Baltimore that sent Johnny Temple to the Orioles, and first baseman Hal Jones, who hit 27 homers and knocked in 100 runs for Salt Lake last year. Pitcher Larry Patterson and shortstop Gordie Lund also came to terms.

Gibbs, former University of Mississippi football All-American, came into the Yankee fold along with pitchers Howard Kutt and George Haney. Gibbs hit .270 with Richmond of the International League last year. Haney was 8-8 with the same club and Kutt was 9-9 at Modesto in the California League, averaging 12 strikeouts a game.

**GILLIAM GIVEN RAISE**  
The Los Angeles Dodgers gave second baseman Jim Gilliam a token raise to \$25,000 for his 10th season with the team although he hit only .244 last year, and outfielder Billy Bruton, a .257 hitter last season, said he received a raise for signing with the Detroit Tigers.

Pitcher Barney Schmitz was lured into the Chicago Cubs fold and became the 34th member of the team under contract. Pittsburgh's Pirates signed outfielders Howie Goss and Ron Woods.

**Lions' Pearsall On ECAC Star Team**  
NEW YORK (AP)—Tom Pearsall of Albright and Bill Stanley of Lemoyne, both instrumental in their team's overtime victories last week, were named on the weekly ECAC All-East small college basketball team today.

Others selected included Bob Brandes of Upsala, Bob Stowers of Hofstra and Bobby Barrett of Rider.

Pearsall, a 5-8 backcourt performer, sank four foul shots and assisted on two baskets in the overtime period as Albright beat Moravian 57-54.

## OHIO STATE IS TOPS AGAIN AS KENTUCKY 2ND

By THE ASSOCIATED PRESS

Ohio State's Buckeyes, head and shoulders above their fellow Big Ten Conference basketball teams and with nothing but a Big Ten schedule for the rest of the year, continued their absolute monopoly among the nation's college fives today.

The Buckeyes once again were a unanimous first-place choice in The Associated Press weekly college poll, and only an upset of titanic proportions is ever going to dislodge them from that spot.

Monday night's 94-73 victory over Purdue was their 15th in a row. The Buckeyes have a Saturday game against Northwestern in their only other activity this week. The latest poll includes games through last Saturday night. Ohio State, with a great effort from all-America Jerry Lucas and John Havlicek, beat the Boilermakers in its only game last week.

### WILDCATS ARE SECOND

Kentucky, with a 13-1 record, paced the other teams, all of them holdovers from last week, though Duquesne and Duke exchanged places, the Blue Devils going to sixth place and Duquesne dropping to seventh.

The Wildcats keep up their chase for the top spot Tuesday night against Georgia and play Florida on Friday. Cincinnati (14-2), the business of the top 10 this week, meets Drake tonight, Houston on Thursday and North Texas on Saturday.

The top 10 teams, with first place votes in parentheses:

1. Ohio State (41)
2. Kentucky
3. Cincinnati
4. Kansas State
5. Southern California
6. Duke
7. Duquesne
8. Bowling Green
9. Bradley
10. Mississippi State

Other teams receiving votes, not necessarily in order of points: Utah, Arizona State, Villanova, Wisconsin, West Virginia, Oregon State, Loyola Chicago, St. John's (N.Y.), Illinois, UCLA, Arkansas, Centenary, Louisville.

## SLAYER DIES MONDAY NIGHT

BELLEFONT, Pa. (AP)—Convicted slayer Frank McCoy, cool and cooperative, died Monday night in the electric chair at Rockview State Correctional Institution.

The 36-year-old Philadelphia was strapped into the chair at 9:01 p.m. Three minutes later he was pronounced dead. Up to the time of death, McCoy was calm, prison officials said. He also was described as completely cooperative.

Once in the chair, McCoy extended his arms to be strapped and repeated the 23rd Psalm after Protestant Chaplain Kenneth Anderson. Otherwise he did not speak.

He died four years and seven months from the July night in 1957 when importer Gaetano Savelli, 60, was shot to death during a holdup in his Philadelphia establishment. Checks worth \$30 and \$680 in cash were taken.

**CONVICTED TWICE**  
McCoy was captured the following year in Chicago and was twice tried and convicted. Each time the penalty was death. His first conviction was reversed on appeal to the State Supreme Court.

The other men, James Allen, now 32, and Charles Coleman, 29, were implicated by McCoy and both are serving life terms.

The electrocution was the 349th since this type of execution was established in 1915. It was the first since Arthur Schuck, 44, of Beaver County, died in the chair Oct. 23, 1960, for killing two men in an ambush.

Authorities said it is not yet known if McCoy's body will be claimed. If not, he will be buried at Rockview.

McCoy was a Negro.

**NEW YORK (AP)**—Springfield's Bill Sweeney, making a bid for his second straight American Hockey League scoring title, has moved back into the lead with 65 points on 24 goals and 41 assists.

League statistics showed today that the veteran center collected nine points last week to displace Willie Marshall of Hershey as the leader. Marshall dropped to third place with 60 points as Buffalo's Barry Cullen advanced to second with 62.

Cullen had a prolific week, accounting for eight points. Marshall, on the other hand, was limited to three.

## Jack Twyman Honored For Work With Maurice Stokes

By GEORGE ESPER

PHILADELPHIA (AP)—Courage asserts itself in many ways.

For former Cincinnati Royals' basketball star Maurice Stokes it showed in his daily fight with paralysis which left him unable to walk or talk after he suffered a brain injury when he fell during a National Basketball Association game nearly four years ago.

For his teammate and friend, Jack Twyman, it reflected itself in the spirit and boundless energy with which he helped Stokes by handling his financial and personal affairs and offering encouragement.

Monday night the Philadelphia Sports Writers Association, diverting from its usual policy of naming one courageous athlete of the year, cited Stokes and Twyman as the most courageous athletes of 1961. Twyman was presented with a \$500 check to help defray the cost of Stokes' rehabilitation when he leaves Christ Hospital in Cincinnati.

### GREATLY IMPROVED

"Stokes has improved 1,000 percent," Twyman said, "because of that intangible thing called courage or guts. He's determined come hell or high water to lick this thing."

Stokes, former St. Francis, Pa., star, of course couldn't be at the banquet.

But Twyman, who had talked to him Sunday, relayed his feelings. "He's very excited about receiving the award," said Twyman, "very appreciative. He damn near cried when I told him about it."

Twyman said Stokes wanted to get across to the public that his plight may be able to help others by showing that things are not always as bad as they seem and where there is a will there is a way.

After the program was over, Jimmy Dykes, former major league manager and now a coach with the Milwaukee Braves, came over to Twyman and said: "You've done a hell of a job."

### REASSURES FAITH

Later, in an interview, Twyman said Stokes is coming along fine. He said that Stokes gets up early in the morning and begins a day of arm and leg exercises and speech therapy which doesn't end until after dark.

### Claim Endurance

**Bowling Record**

COLUMBUS, Miss. (AP)—A world endurance bowling record has been claimed by two Columbus keggers who went 60 hours and 49 minutes before stopping.

Ray Whitley, 30, Lubbock, Tex., averaged 170.8 in 266 games during his marathon roll that started Saturday.

Tom Wolford Jr., 20, Columbus, compiled a 148.07 mark while bowling one less game.

Four other bowlers fell by the wayside. Whitley, an airman at Columbus Air Force Base, and Wolford are now recuperating in a hospital after ending their stint Monday.

### FOY HAS BIG JOB MAKING "PT 109" FILM

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—Producer Bryan Foy has a rugged job-making a film that will please an important movie fan: President John F. Kennedy.

Foy, a veteran who made the first all-talking movie, is producing "PT 109," about the President's wartime heroics. If he seems confident in his chore, it may be because he's also a Democrat—and a Fitzgerald. That's the read name of his famed theatrical family.

No casting has been done yet, but everything else is getting ready. The script is being finished by Richard Breen ("Pete Kelly's Blues," "Titanic").

### VETERAN DIRECTOR

The director is war expert Raoul Walsh, whose career ranges from "Birth of a Nation" to "Objective Burma" to "Battle Cry."

San Diego will reproduce the PT training center at Melville, Conn., Ocean Reef on Key Largo, Fla., will portray the island of Rendova, Kennedy's South Pacific base.

The President was amused that anyone would want to re-create such a miserable place as Rendova, Foy reported.

Gen. Beauregard Sent  
To Troubled KentuckyAssignment:  
Save Whatever  
Your Men Can

RICHMOND, Va., Jan. 26—Gen. Pierre G. T. Beauregard, Confederate hero of Ft. Sumter, has been sent to Kentucky to assume command of the 3,000 Southern troops still there.

War Secretary Benjamin Judah assigned the famed officer in what appeared to be a last-ditch attempt to keep some portion of Kentucky in the Southern camp. With the rout earlier this month at Mill Springs of the 4,000-man force of Maj. Gen. George B. Crittenden, the Confederacy's hold on the key border state appears to have slipped forever.

McClellan Gets the  
Word: Get MovingMr. Lincoln  
Reported Irked

WASHINGTON, D. C., Jan. 27—In an extraordinary order, President Lincoln has ordered Maj. Gen. George B. McClellan to get the Union Army into motion by Feb. 22—or else.

The executive decision reportedly stemmed from Mr. Lincoln's growing anxiety over McClellan's failure to follow up a directive given him at a "little war cabinet" meeting three weeks ago.

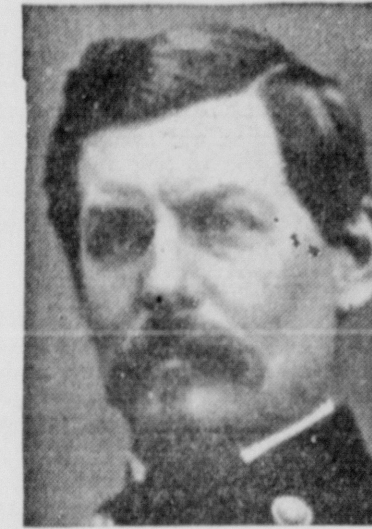

At this conference McClellan, still weak from a typhus bout, assured Mr. Lincoln that he had a firm plan of action and would be ready to effect it soon.

THE 34-YEAR-OLD Army commander rebuked subordinates for offering alternate schemes and was said to have acted with disdain toward cabinet members who had offered advice.

Observers recalled that when McClellan succeeded Gen. Winfield Scott as Army chief last autumn, Mr. Lincoln remarked—rather worriedly—about McClellan's age. He is 34.

"I can do it all," the former railroad executive told Mr. Lincoln.

But as of today, it appears the young general was overconfident, as Congress and the public hurl complaints at the White House about McClellan's refusal to move.

## A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

### MARGARET (COCHRAN) CORBIN

The notes on Margaret (Cochran) Corbin, native of Pennsylvania and heroine of the American Revolution, are continued at this time.

Margaret Cochran, the only daughter of Robert and Jane Cochran, was born on the frontier — in what is now Franklin County, Pennsylvania, on Nov. 12, 1751. Five years after Margaret's birth her father was killed by the Indians in the fall of Fort Bingham and her mother carried into captivity. An account of that tragedy appeared in the old "Pennsylvania Gazette" on June 24th, 1756: —

"The following is a list of persons killed and missing at Bingham's Fort, which was captured and burned by the Indians on June 11 last, namely: George Woods, Nathaniel Bingham, Robert Taylor and his wife and two children, Francis Innis, his wife and three children, John McDonnell, Hannah Gray and one child missing. Some of these are supposed to be burnt in the Fort, as a number of bones were found there. Susan Giles was found dead and scalped in the neighborhood of the Fort. Robert Cochran (the father of Margaret) and Thomas McKinney found dead and scalped. Alexander McAllister and his wife, James Adams, Jane Cochran (the mother of the Revolutionary heroine) and two children missed. McAllister's house was burned and a number of cattle and horses driven off. The enemy was supposed to be numerous, as they did eat and carry off a great deal of beef which they did kill."

### INACCURATE ACCOUNT

The above account is inaccurate in just one detail — the two children of Robert and Jane Cochran were not at Fort Bingham. At the time of the massacre Margaret and her brother were visiting an uncle, the brother of their mother. This uncle raised Margaret Cochran and she remained a part of his family until her marriage, in 1772, to a young Virginian named John Corbin.

When the Revolutionary War broke into flame John Corbin enlisted in the First Company, Pennsylvania Artillery, under Captain Francis Proctor. His wife having no children or other home ties followed her husband, as did many another woman at that time, to the battle lines.

John Corbin was killed at the battle of Fort Mifflin on November 16, 1776. When her husband fell Margaret took his place in serving the gun and continued in action until wounded very badly — one of her arms being nearly severed. When the Americans surrendered at Fort Mifflin, Margaret Corbin was paroled to General Greene, across the river at Fort Lee, and was taken, along with other sick and wounded, to Philadelphia. Here she was formally enrolled in the Invalid Regiment.

### WOUNDS CAUSED DEATH

So grievous were the wounds suffered by Margaret Corbin at

Fort Washington that they were, ultimately, the cause of her death. On account of her injuries the Supreme Executive Council of Pennsylvania, on June 29, 1779, granted her \$30 and recommended her to the Board of War for a regular pension — which was duly granted her on July 6, 1779. It is interesting to note that Margaret Corbin was the first woman granted a pension for service in the Revolution.

The following is a copy of the resolution forwarded to the Board of War in behalf of the wife of John Corbin —

### PETITION FOR RELIEF

"War Office, 3rd July, 1779: The inclosed recommendation of the Council of Pennsylvania in favor of Margaret Corbin, added to many circumstances which appear to support her petition for relief, induce the Board to offer a resolution, which they think her peculiar situation merits. As she had fortitude and virtue enough to supply the place of her husband after his fall in the service of his country, and in the execution of that task received the dangerous wound under which she now labors, the Board can but consider her as entitled to the same grateful return which would be made to a soldier in circumstances equally unfortunate. They therefore beg leave to report: —

"That Margaret Corbin, who was wounded and disabled in the attack on Fort Mifflin whilst she heroically filled the post of her husband, who was killed at her side, serving a piece of artillery, do receive during her natural life, or the continuance of such disability, the one half of the monthly pay drawn by a soldier in the service of these States; and that she now receive out of the public stores one complete suit of soldier's clothing, or the value thereof in money."

In 1782 Margaret (Cochran) Corbin was at West Point, and as the Corps of Invalids, of which she was a member, was mustered out in 1783, she probably decided to remain in that neighborhood for since she had no near relatives or close ties elsewhere one place was as good as another. Also at West Point she came under the care of William Price, commissary of military stores, and Price was very zealous in providing proper boarding places, food and clothing for his charge — for in 1785 he wrote: —

### "HOSPITAL STORES"

"I have procured a place for Margaret Corbin till next spring, if she should live so long, about three miles from this place, at 12 shillings per week, and wish you to inform me how the money for the payment is to be come at, and how often she is to be furnished with hospital stores."

Undoubtedly the commissary of military stores at West Point must have had a rather bad time of it in his dealings with and for Margaret Corbin. The shocks and hardships of this unfortunate woman's life made her tongue very sharp in her old age

## HOLD FUNERAL FOR LUCIANO, NAPLES, ITALY

NAPLES, Italy (AP)—Elegantly attired friends, local businessmen, plainclothes police and pretty Neapolitan girls packed the church Monday for the funeral of Charles (Lucy) Luciano, the Italian emigrant who became a New York vice lord.

Joe (Cock-eyed John) Raimondi, Nick di Marzio and Joe di Giorgio were there, U.S. Narcotics Bureau agents spotted them among friends who, like Luciano, had been deported by the United States to their homeland.

"So Long, Pal" said the inscription on a floral piece from Joe Adonis, former New Jersey gambling king who chose to return to Italy in 1956 rather than serve a term in prison.

### ADONIS IS ISOLATED

Adonis himself could not get to the church for the funeral. Authorities won't let him leave his little home town of Avellino, 25 miles away, without special permission.

Luciano's mahogany casket lay in the Roman Catholic church with six wreaths on it as the local pastor sang a Requiem Mass for him.

A U.S. agent said one of every five persons in the church was a plainclothesman, either Italian or American. Three American agents recorded on movie film the faces of everyone who walked in.

Flashbulbs popped steadily during the service, as they had while the mourners were arriving. They didn't seem to bother Luciano's brother, Bartolo, or Bartolo's son, Salvatore.

### SLAPS CAMERAMAN

The two New York Lucanias—Luciano's real family name—paid no attention. But relatives of a 24-year-old Neapolitan girl said to have been a close friend of Luciano slapped one news photographer and tried to grab another's camera.

Luciano's casket was placed in an ornately carved silver-and-black funeral carriage, with huge silver lanterns mounted near the doors. It was drawn by eight coal-black horses.

The cortege moved away slowly under a dreary overcast for the four-mile trip to the English cemetery at Poggioreale.

Police men at every intersection

and in addition she was rather domineering with decided opinions of her own. Price wrote on January 31, 1786: —

"I am at a loss to know what to do with Captain Molly (a nickname given Margaret Corbin). She is such an offensive person that people are unwilling to take her in charge. Mrs. Eliza Swim informs me that she cannot keep her longer than the first of March and I cannot (find) any that is willing to keep her for that money and find her everything to eat and drink. If you should think proper to extend rations to her, it will be better and may induce persons to keep her."

The account of Margaret (Cochran) Corbin will be continued in this column next week.

## Gives Painting To White House

PALM BEACH, Fla. (AP)—A 1767 portrait of Benjamin Franklin by Scottish painter David Martin has been presented to the White House by Walter H. Annenberg, publisher of the Philadelphia Inquirer, and his wife.

The portrait, valued unofficially at more than \$175,000, was described by the White House as the first major acquisition of art in refurbishing the White House in early American style.

### PRIEST EXPIRES

PHOENIXVILLE, Pa. (AP)—The Rev. Stephen Vleck, rector of Sacred Heart Catholic Church, died Sunday night at Phoenixville Hospital where he had been a patient since suffering a heart attack New Year's day.

Father Vleck was transferred to Sacred Heart last year after 11 years at Holy Trinity Catholic Church in Pottstown. He had served also at churches in Palmerston, Branchdale and McAdoo.

### \$125,000 BLAZE

EPHRATA, Pa. (AP)—Fire swept the two-story Nissley Bottled Gas, Inc., building Sunday

along the way snapped to attention and saluted the horse-drawn carriage, as they do whenever a funeral party passes.

Luciano's casket was put inside the cemetery chapel. It is to stay there until the Lucanias know whether burial will be in Italy or if authorities will permit them to take the body back to the United States.

## NETWORKS ARE AT PEAK WITH ASTRONAUT TV

By CYNTHIA LOWRY

NEW YORK (AP)—Network television, currently the subject of Federal Communications Commission hearings, can point with pride to its performance this past weekend.

Astronaut John H. Glenn's rocket flight was postponed because of weather, but during the long hours of the countdown on Saturday, all three networks carried on in smooth, well-planned fashion. During the seemingly endless wait, with Glenn in the space ship and not much visible activity, all three teams kept viewers informed, and briefed us thoroughly with their own knowledge and pre-taped interviews. Everyone seemed to know his job and was ready for any situation.

It was a good job—but it won't be as interesting next time they go through the countdown.

### SLUM INSPECTION

NBC's "White Paper" Sunday night put a blazing light on the

causing an estimated \$125,000 damage.

Cause of the blaze was not learned immediately, but authorities said it was the third blaze in a week in the Lancaster County area. Arson is suspected in the other two blazes, they said. Both were barn fires.

Hudson River community of Newburgh, N.Y., in the headlines recently because of the determination primarily of its city manager, Joseph Mitchell, to rid its public welfare roles of "chiselers and loafers," freeloaders and the able-bodied—his description.

The cameras inspected Newburgh's slums. Reporters interviewed proponents and opponents of the plan as well as some of those affected—old, sick, blind and despairing. It wound up with an interview with an agonized young father, sobbing because he could find no work, welfare doors were closed to him and his children were hungry.

All through the program, like a pointing finger, ran the briar voice of Chet Huntley, stating that after the furor, only one able-bodied worker was found among 800 receiving benefits last summer; that aid to fatherless families amounted to about six per cent of the city welfare costs, that the widely publicized reform projects had led only to "a small tax saving."

It was a shocking, frightening program and there was no doubt about the way the producers of the program felt about the handling of the problem. The Newburgh welfare reformers won't like it at all.

### SERVES ON CARRIER

AC/3C Charles F. Hemler, USN, son of Mr. and Mrs. Charles A. Hemler R. 6, is serving aboard the attack aircraft carrier USS Franklin D. Roosevelt, operating out of Mayport, Fla. The fast carrier is scheduled to enter the New York Naval Shipyard Feb. 8 for an eight-week overhaul period.

## To Ask Moratorium On New School Law

HARRISBURG (AP)—House Republicans moved ahead Monday with plans to ask state officials for a moratorium on Pennsylvania's controversial new school reorganization law.

House GOP whip Edwin W. Tompkins of Cameron County said over the weekend he and eight other House Republicans would introduce a resolution this week calling for the moratorium.

There are just "too many questions unanswered and even unmentioned for school district reorganization to take place under the present law's provisions," Tompkins declared.

He said his resolution would take the form of an appeal to House and Senate lawmakers to call on state officials to block the reorganization plan.

Compulsory school district reorganization is a product of the 1961 legislature. Basically, it calls for dividing the state's 2,185 school districts into fewer, but larger units by the 1965-66 school year. It also sets a minimum of 4,000 pupils for each district, but in some cases, that minimum may be lowered to 2,500 pupils.

## GIRL WINS 1 OF 100 CHANCE

COLUMBUS, Ohio (AP)—Nora Gunning, 19, of nearby Blacklick came home Sunday. Doctors last October said she had only one chance in 100 of doing so.

Nora, who was en route to Mexico, suffered 30 broken bones, a collapsed lung and was in a coma for 3½ weeks after an automobile collision near Nashville, Tenn. last October. Doctors gave her a 1-in-100 chance to live.

For four months she has been in Vanderbilt Hospital in Nashville staging one of the most surprising recuperations in that hospital's history. Sunday she was released and flew home.

"Oh, she's home and it's wonderful," exclaimed her mother, Mrs. Robert Gunning.

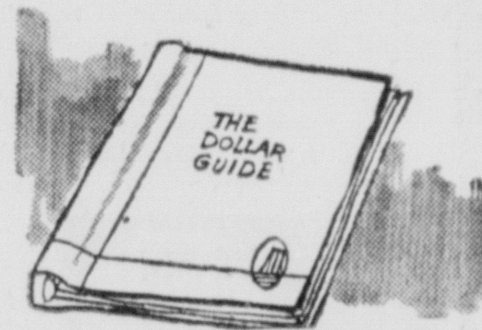

"She doesn't have any definite plans yet," Mrs. Gunning said, "except that she plans to work in a hospital here this summer." Nora, who had been studying political science at Swarthmore College before her accident, says she now wants to become a doctor.

General U Thant that the council debate "can only bring further confusion" just when he is making headway to reunite his infant African republic.

The Security Council meets Tuesday in New York to hear Soviet complaints that the U.N. Command in the Congo has been slow in driving white mercenaries out of secessionist Katanga Province.

## How Prudential's Dollar Guide Can Help You Plan A Secure Family Future

All families plan for the future. Some plan well, others haphazardly. The result can be measured in tomorrow's happiness—or insecurity. A unique aid to planning—Prudential's Dollar Guide—has already helped make thousands of families like yours more secure. Using a Dollar Guide, you and a Prudential Agent can quickly and easily assemble all the necessary facts, weigh the evidence, and then plan a sound family protection program. Here's the way it works:

**You and the Prudential Agent** use the Dollar Guide to review all the basic needs your family would have if you were no longer here. What's more, Dollar Guide planning can help you prepare for your own future.

**When you retire**, the same dollars you set aside today for family protection can provide a guaranteed monthly income for you and your wife. The Dollar Guide will also help you arrange for income protection should sickness or injury keep you from working during your normal working years.

**Your family's home** must be protected. The Dollar Guide will help you figure how much debt will remain on your mortgage in each of the years ahead—and provide an effective Mortgage Insurance solution to that problem.

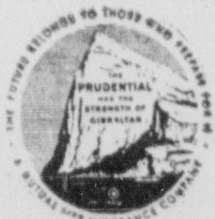

**Above all, a guaranteed monthly income** is important to your family's happiness. The amount needed will be more while children are young, less after they become self-supporting.

**A college education for your children** is very important. And very expensive. Using the Dollar Guide, the Prudential Agent can help you estimate costs—and plan a program to make sure that money to cover college expenses will be there when your children need it.

**Weighing your financial resources** against these needs will be simple using a Dollar Guide. With the professional aid of a Prudential Agent, you will see how far your savings and other resources will go toward providing for your family—and your own retirement. Then you'll know how much and what kind of insurance is needed to take care of the balance.

Get professional planning for your family's future—Ask a Prudential Agent about Dollar Guide Planning.

## JOAN COLLINS NOT ROMANTIC WITH FRIEND

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—One side of a famous quadrangle was in town this week expressing wonder at what all the fuss was about. Joan Collins' curvy belle the possibility that she could be part of a square.

Here is the sequence: Joan was engaged to Warren Beatty, who then started a heavy romance with Natalie Wood, who had just broken off from Robert Wagner, who then started dating Joan.

COULDN'T CARE LESS

The Beatty-Wood romances took place in Hollywood. The Wagner-Collins axis was in London, where both were making movies.

Joan's attitude? She couldn't care less.

"Warren and I had broken off our engagement," she said. "We talked by telephone between here and London, and we both agreed that it wouldn't work out."

"Yes, I know we had a long engagement. But that's so true of long engagements—if they're that long, it means the two people aren't meant to be married."

"As for my dates with Bob Wagner, there was no romance involved. I've known Bob for seven years; he's one of my dearest friends. Good friends with the opposite sex—friendship only—are rare and wonderful to have. I'm happy for the ones I have, like Bob."

"Right now he's going with one of my best friends, Marion Donen (former wife of director Stanley Donen), and I'm delighted for both of them."

That leaves Joan unencumbered and happily so, she indicated.

"Marriage is a trap," said the actress, once trapped in an early, unhappy union.

## EDUCATORS, BUSINESSMEN DISAGREEING

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—You are in college or planning to enter one and your life's ambition is to become a business executive.

Should you specialize in courses narrowed to the field of your choice? Or should you seek a rounded education, but with due attention to economics and business administration, and get the specific training on the job?

Business administration schools, like universities in general, are adding more special courses for technical training.

MAY BE OVERDOSE

But some educators think the trend may be overdose. They hold this training and the absence of the wider view could confine you to that field. It could prevent you from developing characteristics top management seeks when tapping juniors for advertisement to executive posts.

One such dissenter is Howard T. Lewis, professor in the Graduate School of Business Administration at Harvard University. And he takes on not only the college curriculum itself but also the trend of companies endowing training for their particular fields.

"Too many colleges and universities," he charges, "seem willing to give courses on anything from 'laundry management' to 'pie making' provided only someone will subsidize it or it can be made to pay for itself financially."

"There is actually very little correlation between the business courses majored in at college and the actual occupation of alumni," the Harvard educator holds in an article in the current issue of Purchasing Magazine, trade publication for industrial buyers.

CITES SURVEYS

"Business firms seeking to augment their personnel from a graduating class," Lewis says, "ask for 'your best men,' not for 'your list of majors in accounting' (or finance, or marketing)."

In defense of his thesis Lewis quotes Dean E. T. Weiler of Purdue University as saying, "I don't believe many special skills are necessary to get a foothold in American industry."

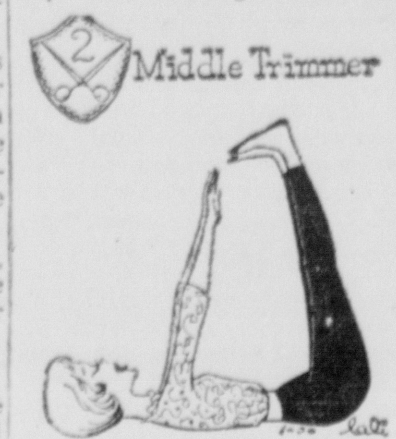

And Lewis cites two surveys, one by the Ford Foundation, the other by the Carnegie Foundation, as reaching the same conclusion that vocationalism, or overemphasis on specialization and training for specific jobs, is poor policy for colleges and should be left either to industry itself or to vocational schools.

Steve Bilko and Art Fowler of the Los Angeles Angels both became "five year" major league players last season.

## A Lovelier You

By MARY SUE MILLER  
SPRING REDUCING SERIES.

The waist is moving up. In the spring collections wide belts often skip the waist altogether and circle the diaphragm. Can your figure take it?

Of course, you may not take to the fashion. But in any case a spare rib cage is a condition of figure beauty. Excess flesh in the area causes the entire figure to appear dumpy. It also despoils the lines of the bosom and waist.

You have a sure sign that trimming is in order when you can pick up so much as an inch-thick roll of flesh at the sides of the rib cage. Sure-fire trimmers follow:

1. Lie back down on floor; stretch legs downward and arms upward, above head on floor. Holding stretch, quickly raise legs and arms; try to touch fingertips to toes. Give a good try, then very slowly return to starting position. Throughout keep head on floor. Relax and repeat five times. Gradually work up to 10 repeats.

2. Sit erect and cross-legged on floor. Pull abdomen in, chest up and shoulders down. Holding position, take five deep breaths. With each breath, work to increase expansion and contraction of diaphragm; keep abdomen and chest motionless. Relax and repeat 10 times.

Besides reducing the diaphragm, the routine acts to contour the tummy and waist. It also improves posture and breathing habits. And those are mighty valuable fringe benefits. Without good posture it is impossible to have a good figure. Proper breathing habits bring sparkle to the skin and eyes.

MIDRIFF SLIMMERS

To solve that riddle of extra inches around your middle, send today for my leaflet, "MIDRIFF SLIMMERS." It contains quick, easy reducing exercises for slimming diaphragm, waist and abdomen. Write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

## Astrologers Making Dire Predictions For February 5

NEW YORK (AP)—If you believe in astrology, don't make any plans for next Monday. There may not be a next Monday.

Even if there is a next Monday, the astrologers say, it won't be much fun. Storms, tidal waves, earthquakes, the sinking of continents, financial panic and the outbreak of World War III are liable to make the day hectic.

All these dire predictions, and more, are being made by astrologers the world over who expect the advent of catastrophe some time Sunday. They base their prophecies on an inauspicious combination of the planets in the constellation of Capricorn.

CALLED "NONSENSE"

Astronomers — serious students of the heavenly bodies — agree that the five visible planets of Mercury, Venus, Mars, Jupiter and Saturn will be grouped along with the sun and the moon around the constellations of Capricorn and Aquarius. Beyond this point, the astronomers and the astrologers go separate ways.

"Nonsense" is the way James S. Pickering, assistant astronomer of the Hayden Planetarium in New York, describes the prophecies of doom. "It's the same kind of gobbledygook astrologers have been handing out for centuries."

Astrologers—who try to tell the future by the movements of the planets—don't see it that way. They are preparing for the worst. In India, millions of Hindus and Moslems are fervently praying to ward off the end of the world. Many believers have fled their homes in Calcutta, Bombay, Madras and New Delhi and are seeking refuge in the holy city

## Pa. Democratic Candidates Stir

HARRISBURG (AP)—Sen. John Carl Miller, D-Beaver, indicated Sunday he may seek his party's gubernatorial nomination.

Meanwhile, an Erie County group endorsed the nomination of Sen. John J. Haluska, D-Cambria, as the party's candidate for lieutenant governor.

Miller said he is considering the possibility of running for the nomination "at the request of some friends." The 40-year-old veteran legislator said he has asked Jack Ryan, a Beaver real estate and insurance agent, to make a "survey of the situation."

"I won't make a final decision until the results are in," said Miller.

## "Dead" Dentist Still Breathing

CLEVELAND, Ohio (AP)—Dr. Jerome A. Stroom, 37, was found apparently dead in his home in suburban Cleveland Heights.

A relative said a doctor pronounced the dentist dead at 11 a.m. Sunday.

Two men came from a funeral home to take the body. As they wheeled Stroom into the prepa-

ration room at the funeral home, Larry Miller shouted: "My God, he's breathing!" That was at 12:15 p.m.

Miller dashed back to the ambulance for the oxygen tank while his brother, Leon, gave heart massage.

Stroom was reported in fair condition today at Mount Sinai Hospital.

If you're one of the millions of car owners who should get their cars serviced this week, here's good news!

GALAXIE . . . styling and performance leader of the full-size cars.

## Ford eliminates 10 out of 12 service stops required by most cars!

FAIRLANE . . . in a class by itself, right between compacts and big cars.

In a 1962 Ford Galaxie or Fairlane you can go all year—or 12,000 miles—with only two stops for service. This revolutionary new twice-a-year maintenance program—available only in the cars from Ford—frees you forever from the nag-nag-nag of month-after-month servicing. (See chart.) It's the biggest thing that's happened to cars since Ford introduced the 12-month or 12,000-mile warranty.\* See your Ford Dealer soon—and start saving time and money with the convenience of twice-a-year maintenance. It's another Ford first!

\*Ford Motor Company warrants to its dealers, and its dealers in turn, warrant to their customers as follows: That for 12 months or for 12,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will continue to be made by the tire companies. Owners will remain responsible for normal maintenance service and routine replacement of maintenance items such as filters, spark plugs, and ignition points.

# OAS Cannot Agree On What To Do About Cuba's Castro

By WILLIAM L. RYAN  
PUNTA DEL ESTE, Uruguay (AP)—The United States and her Latin American allies polished up a set of ringing pronouncements Monday denouncing communism and Castroism. But a family dispute continued behind closed doors on how and when to throw the Havana regime out of the councils of the Organization of American States.

Agreeing not to disagree, the Western Hemisphere foreign ministers reached a general accord that there should be a series of at least six resolutions embodied in a final declaration so that those who wanted to vote against certain aspects could do so.

Secretary of State Dean Rusk appeared to have achieved limited success to this extent: **SUCCEEDED, EXPELLED**

Most, if not all, of the 19 Latin American republics judging Cuba agree the Havana regime should be declared incompatible with the American system. Most are agreed the government of Prime Minister Fidel Castro should be suspended or expelled from OAS auspices. Most are agreed there should be no arms trade between their countries and Cuba. They hold Castro's representatives should not sit on the Inter-American Defense Board and they feel

a vigilance committee should be created to keep watch against subversion.

There were great differences of opinion here on just what all this added up to.

**COMMUNISM IS BAD**  
The United States managed to get all countries—even Mexico, which voted with Cuba against holding this conference—to proclaim collectively that communism is bad for the hemisphere and that Castroism is incompatible with the Inter-American system if it remains in the embrace of the Soviet bloc.

Most agree in principle that the Castro regime does not belong in OAS agencies. The big stumbling block is how to get Cuba out.

The bloc of seven go-slow nations led by Brazil and Mexico wanted to toss the issue to the OAS Council in Washington, where the matter would come under the OAS charter and not the Rio de Janeiro treaty for inter-American defense.

**RULE OUT BREAK**  
There is no machinery under the OAS charter, by which the council is bound, to oust any member from its agencies. There is machinery under the Rio treaty.

Since a mass diplomatic break

with Cuba was ruled out at the beginning of this conference, little punitive action is envisioned under the six-part declaration. An economic break is made entirely voluntary. Nations which have broken diplomatic relations with Cuba have no trade with the Castro regime except in nonstrategic items.

## TAKE POLL OF GOP LEADERS

**HARRISBURG (AP)**—A poll of Republican leaders in 10 north-central Pennsylvania counties indicates Judge Robert E. Woodside of the State Superior Court has the strong support of three county leaders and Rep. James E. Van Zandt the support of two for the gubernatorial nomination. The 10 north-central county leaders met over the weekend with George I. Bloom, Republican state committee chairman, and Sen. Hugh Scott, R-Pa. In the poll of participants, two other county leaders said either

Woodside or Van Zandt would be acceptable, while one supported Scott. One other mentioned Van Zandt among three possible candidates. Lycoming County gave no indication of its preference. The county chairman, Clyde G. Keiss, who acted as host for the meeting, said his organization would not endorse any candidate until it discussed the situation with J. Collins McSparran, master of the State Grange, and State Sen. Raymond P. Shafer, Meadville. They, too, have been mentioned among the GOP potentials. However, Keiss said there was general agreement among the participants to support State Rep. Alvin C. Bush for secretary of internal affairs.

**HANOVER TAX UP**  
Borough real estate tax in Hanover was increased from 15 to 17 mills but all other taxes were retained by the Hanover borough council in approving a tentative budget for the current year estimated at \$749,964.64 at the adjourned meeting Saturday. The budget will be open for public inspection and is scheduled for final adoption Wednesday, February 21.

**ALBANY, N.Y. (AP)** — Fred Lening of Yardley, Pa., is the winner of the \$25,000 Empire Open Bowling Tournament. Lening rolled eight strikes, in sets of four, Saturday, to defeat J. Wilbert Sims of Chicago in the match-game final, 254-243, and win \$5,000.
